PROFILE

I am an experienced webdeveloper. My career was kickstarted by the webagency SPINNWERK, where I had the opportunity to work for clients like Unilever (and brands like Knorr, Magnum, Eskimo, and Lagnese), Schirnhofner and Bresso.

As the main fullstack web developer at Greenpeace CEE, I have touched everything in the infrastructure. From the Website to the Donation Form I have upgraded it all.

EXPERIENCE

SENIOR FULL STACK WEBDEVELOPER
